## President To Speed Return Of Oversea Forces

### CLERKS TO CARRY GRIEVANCES TO DIRECTOR HINES

BROTHERHOOD CHAIRMEN  
LEAVE FOR WASHINGTON  
TO SEEK SETTLEMENT.

### Two Roads Affected ON ALL OTHER SYSTEMS MEN HAVE GONE BACK TO THEIR WORK.

(International News Service.)  
ATLANTA, March 18.—President J. J. Forrester and H. M. Murray, chairmen of the executive board of the Brotherhood of Railway Clerks, are today on their way to Washington to lay the grievances of the railway clerks of the N. C. & St. L. and the Western & Atlantic railroads, now on strike, before Director General of Railroads Hines.

After a number of conferences yesterday, the local and regional representatives of the railroads stated that they were without authority to remove Federal Auditor A. T. Ottarson, and the strikers refused point blank to return to work until Ottarson is removed.

Striking railway clerks and other employees of other railroads centering in Atlanta returned to work yesterday on a tentative agreement, and congestion is being cleared up. It is understood that a general strike may result if the grievances of the clerks still on strike are not adjusted satisfactorily.

### DEATH TOLL OF STORMS IS 39

PROPERTY DAMAGE WILL RUN INTO THE MILLIONS.

(International News Service.)  
VICKSBURG, Miss., March 18.—The damage from thunderstorms in Mississippi and Louisiana is now placed at \$2,000,000 with a death list totalling eight.

(International News Service.)  
CHICAGO, March 18.—With wire and rail communication completely disrupted in many sections, and with vague reports coming from tornado and flood swept states in the middle west and south, the death toll stood at 39 today, with property damage running into the millions.

### Work of "Y" at Sheridan Praised

ATLANTA, Ga., March 18 (Special).—In an exceedingly plain and straightforward letter, written to Y. M. C. A. Headquarters, Department of the Southeast, Major Joseph H. Ballew, morale officer at Camp Sheridan, Alabama, tells exactly what he thinks of the work of the "Y" in his camp. He says:

"In a few days Camp Sheridan will be abandoned and the officers and men will either be discharged or sent to other camps. This being the case I wish to take this opportunity to express my appreciation for the hearty support and close co-operation given me by the Y. M. C. A. officials in this camp.

"The work done by the Y. M. C. A. at Camp Sheridan cannot be minimized. Their influence has always been for the better things and they have strived to in every way make the camp life a pleasant one for the men. In fact, they have gone out of their way, seemingly, in order to carry out some idea or plan of the Morale Officer.

"The Y. M. C. A. is an organization which stands for clean citizenship—clean morals—clean physical life—clean spiritual life—and I wish to go on record as saying that the work of the Y. M. C. A. organization in this camp has had wonderful results along all of these lines and that the men who have served here will go home better in every way for having come in contact with this great organization."

### LIQUOR SEIZED.

Three gallons of "corn-juice" is stored in the vault at the Albany city hall this morning as a result of police activities last night.

### 300,000 SOLDIERS WILL BE SHIPPED HOME EACH MONTH

WILSON CALLS ON TRANSPORT SERVICE TO REDEEM ITS PROMISES.

HUNS UNGRATEFUL FOR THE U. S. FOOD  
League of Nations Covenant May Be Ratified Next Saturday.

(International News Service.)  
PARIS, March 18.—President Wilson today directed all American transport officials to make good their promise to speed up the return of American soldiers to the U. S. Beginning next month they will be sent back at the rate of 300,000 monthly. It is now practically certain that President Wilson will be back in the U. S. not later than May 15 and that he will immediately tour the country in favor of the peace treaty.

(International News Service.)  
BERLIN, via London, March 18.—The incoming food from the United States is the leading topic of the newspapers and among the people. It is not being received in a thankful spirit, however. The people still maintain a domineering attitude.

(International News Service.)  
PARIS, March 18.—President Wilson has suggested that the Kiel canal be placed on the same footing as the Suez canal but the question has been deferred, it was learned today. By the adoption of the disarmament plan, the French press understands that it is practically settled that Germany must surrender all her war material, while the German army will be limited to 100,000 volunteers.

### PLENARY SESSION TO BE HELD SATURDAY

(International News Service.)

PARIS, March 18.—A program is now developing which may result in a plenary session of the peace conference being held on Saturday, the first since President Wilson's return, for the approval of the constitution of the league of nations. Another probably will be held within the following week to confirm the naval, military and air terms to be imposed on Germany.

The most speed that has been made since the opening of the conference is resulting from the "get-together" meeting of President Wilson and representatives of the big five yesterday. Incidentally, speeches made by Japanese statesmen directed towards America and conveying the impression that the Oriental powers intend to press the demand that their citizens shall have free emigration have no foundation so far as the league of nations covenant is concerned.

The President held another conference today with Premier Lloyd George and Lord Robt. Cecil on the league of nations constitution.

### LLOYD GEORGE MAY CLASH WITH WILSON

(International News Service.)

PARIS, March 18.—The British navy has begun to prepare a memorandum of sea strength, as the result of the disturbing statement of Secretary Daniels that the United States may police the seas under the league of nations covenant, it was learned here today. It is possible that the peace conference proceedings may yet develop into a personal duel of strength between President Wilson and Premier Lloyd George over the inclusion of the league of nations covenant in the peace treaty.

### Lawrence Strikers And Police Clash

(International News Service.)

LAWRENCE, Mass., March 18.—1,000 striking textile workers and their sympathizers clashed with the police here today. Several shots were fired during the mix-up and sixteen persons were arrested.

### Jury Is Cursed By Woman In Court

(International News Service.)

MARIETTA, Ga., March 18.—"G—D— you for what you have tried to do to me," dramatically exclaimed Mrs. M. G. Campbell on trial today on the second count of seven indictments, charging her with cruelty to children kept in an orphan institution. Mrs. Campbell was found guilty on the second count.

### SHOP CRAFTS NOT TO TAKE PART IN STRIKE OF CLERKS

WILL NOT LINE UP BEHIND WALKOUT, WILSON REYNOLDS SAYS.

Telegram Made Public  
WIRE ADVISES SHOPMEN TO CONTINUE ON THEIR SAME JOBS.

The shop crafts will not line up with the striking clerks on southern railroads according to a statement today of Wilson Reynolds, general chairman of Louisville and Nashville system International Association of Machinists. Mr. Reynolds is here from Louisville, Ky., conferring with local labor leaders.

He made public the following telegram: "J. W. West, Birmingham, Ala. Information comes to us that an attempt is being made to involve shop trades in the clerk's strike. It must be distinctly understood that shop men must not become involved. They will continue to perform their work they formerly did and no part of the clerks' duty. Wire this office at once at any attempt to depart this rule. Also advise all points on system in accordance with these instructions. Signed, B. M. Jewell."

The statement repudiates rumors that there was a possibility of the striking clerks being joined by other shop crafts in a general sympathetic walk-out.

"The clerks did not use proper authority, hence their stoppage of work cannot be cooperated with," Mr. Reynolds is quoted as saying. "That is the purport of the telegram given out. The shop crafts are making excellent progress and we believe in making our gains gradually."

### Mine Workers Ask But Little

FIVE DAYS A WEEK OF SIX HOURS EACH AND RAISE.

(International News Service.)

INDIANAPOLIS, March 18.—Government ownership of mines, a six hour work day, five days a week and increases of wages were the recommendations of Frank J. Hayes, president of the United Mine Workers, made to the policies committee of the mine workers meeting here today.

### Merchant's Meet Postponed Week

Owing to L. & N. pay day having been late this month, the meeting of the Albany Merchant's association has been postponed until Tuesday night of next week, it was announced today.

### City Treasury Again Enriched

The Albany city treasury was enriched this morning by the assessment of fines by Mayor Dillehay, when three delinquents rounded up by the police over the week-end were assessed.

A bootlegger was separated from \$51.60, a liberal imbibor of corn juice contributed \$21.60 and a loiterer donated \$6.60.

### Wilson May Call An Extra Session

(International News Service.)

WASHINGTON, March 18.—President Wilson is likely in view of the financial jam in which government departments and bureaus are involved, to suddenly alter his decision not to call congress in extraordinary session until his return from overseas, it was the consensus of opinion today among both democrats and republicans.

### Japan to Hold On to Korea

(International News Service.)

TOKIO, March 18.—Epidemics of influenza and cholera are scourging Japan and deaths are so frequent that the undertakers are overwhelmed and often get the corpses mixed.

### W. S. S. POSTER AND ITS DESIGNER

Dorothy Clogston is a young lady who only recently graduated from a Boston high school. Her sunny disposition is spread all over the jolly little War Savings Stamp poster, which the government has just accepted for its present drive. Last summer Miss Dorothy was a farmer at Concord; this summer she contemplates working the land again. In the autumn she is going to some art school.

### ANTI-SALOON LEAGUE TO FIGHT EFFORTS TO BREW NEAR-BEER

Wayne Wheeler Says 2-3-4 Per Cent "Suds" Contrary to Law.

(International News Service.)  
WASHINGTON, March 18.—"The brewing of beer containing 2% per cent alcohol."

Wheeler was at work upon a lengthy statement in which he planned to go into the legal aspects of the situation, with a view to showing that the brewers ultimately would be restrained by the courts.

### STATEMENT MADE BY TWO OFFICERS

ALBES HELD ON CHARGE OF GRAND LARCENY, DECLARE PATROLMEN.

Will Albes, shot early Sunday morning by Officer Jackson, of the Decatur police department, was arrested on a charge of grand larceny, according to a statement issued by Officers Jackson and Thompson today.

The statement follows: "Officer Thompson and myself were called to lower Bank street at 2:40 o'clock Sunday morning by J. C. Griffith who saw a suspicious character near the Decatur Ice Cream and Creamery company and thought that a robbery had occurred.

"When we arrived we saw a man in the vacant lot between the plant of the Decatur Ice Cream and Creamery company's plant and the Decatur News. He had something with him and I called on him to throw up his hands. Instead he thrust his hand behind him and I shot, believing that he was attempting to draw a weapon.

"On investigation we found that Albes had in his possession a bicycle which had been stolen from Emmett Preut, a porter at the Lyons hotel. The property was returned to its owner and Albes was locked up until 5:00 Sunday morning when he was allowed to go home. The charge of larceny is still on the docket at the city hall.

"We make this statement of facts in connection with the affair, believing that the public may have obtained a wrong opinion of it after reading the story in Monday afternoon's Daily."

VAN B. JACKSON.  
J. E. THOMPSON.

FOR SALE—Linotype motor and Babcock cylinder press 74x46; press will take 4 pages, 6 or 7 columns, may be purchased to an advantage. The machinery is in good condition and will do good work. Write W. R. Shelton, Manager Albany-Decatur Daily, Albany, Ala.

### ALBANY COUNCIL TO DISCUSS NEW BUILDING LAWS

PROPOSED ORDINANCE PROBABLY WILL BE TALKED OVER BY ALDERMEN.

Action Is Not Expected  
FIRE INSURANCE RATES WILL BE REDUCED, IT IS STATED.

The Albany city council, at its regular meeting tonight, is expected to consider a building ordinance prohibiting the use of inflammable materials in the roofing of new residences within the incorporate limits, according to reports in official circles today.

It is stated that the proposed ordinance would limit new buildings to the use of metal shingles and that all owners of houses now built will have a period of ten years in which to convert the wooden roofs to metal ones.

According to reports the ordinance will only be discussed at the meeting tonight and definite action is not expected before several weeks as it is thought it will take time to discuss the various features thoroughly. The new ordinance, it is expected, will reduce the fire insurance rates by reducing the risk. The proposed ordinance is copied after the ones adopted in many of the leading cities of the nation.

### BRITAIN IS FACING A GENERAL STRIKE

NEARLY TWO MILLION MEN MAY WALK OUT SOON.

LONDON, March 18.—So serious is the labor situation that J. H. Thomas, head of the Railway Worker's Union left here by aeroplane this morning to confer with Premier Lloyd George in Paris.

(International News Service.)  
LONDON, March 18.—With only a month's supply of coal on hand in this city, it was learned today from an authoritative source that a strike of the "triple alliance"—coal miners, railway men and transport workers—is practically inevitable. The government commission of inquiry is due to report on Friday and the prediction is that a walk-out of 1,900,000 workers will follow as the result of an adverse report on the part of some of the demands of the coal miners.

Premier Lloyd George is coming from Paris in a few days to attempt to settle the disturbance.

### REDS PLANNING WORLD CONQUEST

NICK LENINE CALLS AN INTERNATIONAL CONFERENCE

(International News Service.)  
GENEVA, March 18.—Nicholas Lenine, the Bolshevik leader of Russia, has invited Bolshevik leaders to an international meeting at Moscow for the purpose of attempting to spread Bolshevism throughout the world, beginning with Italy, Egypt and Ireland, it was reported from a Russian source today. Later England and America are to be attacked through strikes and the movement will be encouraged through financial support.

### ON THE OFFENSIVE

(International News Service.)  
LONDON, March 18.—The Russian Bolsheviks are now on the offensive and plan to swallow up the Ukraine, seize control of the fertile areas of the low Don and Volga rivers, shut off the Siberian anti-Bolsheviks from aid by the Black Sea and re-capture the Baltic provinces.

### SMITH DISCHARGED.

T. A. Smith, prominent resident of the Eva community, was through here today en route home, having received his discharge from the aviation branch of the army.

**YOUNG "JOHN D."****DEFENDS HIS RECORD**

John D. Rockefeller, Jr., who is something of a chip off the old block, has seen fit to defend his record as a prohibitionist, according to a news story carried by the International News Service. The defense was prompted by the charge that the young multimillionaire favored aridity because it enabled him to exploit labor.

"What do I want with more money—or what does my father want with more money?" inquired the autocrat of the money box, answering a question by asking one. And the counter-offensive was so effective that it could not be parried. Even if the Rockefellers do have a craving for more worldly goods, no one could give a reason why.

The truth of the matter is that if the money monarchs cared to exploit labor they would seek the assistance of old John Barleycorn. A sane and sober man is far more able to take care of himself financially than one temporarily enriched by a few long drinks from a strong bottle. Even the antis will admit that indulgence in intoxicants causes more misery and poverty, more loss of self-respect and more financial servitude than any other one thing in the world.

John D., Jr., is himself intemperate, but it is not in regard to the consumption of things that both cheer and intoxicate. His passion is for the accumulation of wealth, and because of this it may be safely assumed that he much prefers to have labor sober and well paid and on the job.

**ANOTHER UNION;  
TEACHERS ORGANIZE**

News comes from Illinois of an interesting experiment in the educational system of Sangamon county in that state and one that will be watched with a great deal of interest throughout the nation. The teachers of the county have formally organized themselves into a union and America, just now perhaps more than ever before finding herself clothed in a spirit of organization and fraternalism, will note closely the results of the united efforts to obtain a higher wage scale for the instructors of the youth of the country.

One of the first acts of the newly organized body was to declare a minimum wage of \$700 per annum and a general increase for teachers who get more than \$1000 was set at 20 per cent.

The need for close co-operation on the part of the teachers is apparent and the most insistent appeal to the public the Illinois organization has is that very striking action. Imagine any other profession requiring the same degree of patience, education and labor, with a minimum wage scale of only \$700 per year. It is true that the teachers are employed only about nine months of the year but as a rule the income of the teacher is made smaller, rather than larger, by the three months vacation, for the attendance of teachers at summer schools and their occupation in other summer courses is very general. Few of them benefit financially by the idleness.

The Huntsville Daily Times is announcing a "Clean Up Week" says the city will be made as clean "as a military camp." The story brings to mind the doubt that it is really possible. You may get your "extra duty men," Brother Pierce, from the police court but they can't do it all, where are you going to get the other cleaning details? There are no volunteers for the service, ask the returning soldier or sailor.

The Japanese consul at Tien Tain has probably learned by this time also that it doesn't pay to trample on the "Devil Dog's" toes.

Another unsuccessful attempt has been made on the life of Lehine and yet there are people who doubt that the good Lord takes care of fools.

The loyalty of labor was proven again in Atlanta when striking clerks rushed to the assistance of their late employer when the railroad company's freight depots caught fire.

**HUNTSVILLE BECOMES****A "WHITE WAY" CITY**

That our neighboring city of Huntsville is alive and doing well is indicated by the announcement that the "white way" is to be extended from Court Square to the Southern depot, a distance of some quarter of a mile. This lighting is in addition to what has already been done there. Such a spirit of progress is well worth emulating. This is one brand of advertising that pays and pays well.

**AN UNNECESSARY APOLOGY.**  
"I made an unnecessary apology recently," said a member of the Albany public school faculty. "I failed to note the passing of the time, and sat

serenely at home until the school bell rang. Then I made a dash for the school building and humbly confessed that I was tardy, for the first time during the year. You can imagine my humiliation when I was later informed by the superintendent that all teachers were late, as they had been unable to make progress against the strong wind that was blowing that morning."

## "DANDERINE" FOR FALLING HAIR

Stop dandruff and double  
beauty of your hair  
for few cents.

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff. Your hair appears soft, glossy and twice as thick and abundant. Try it! (Adv.)

## ST. PATRICK IS PRAISED BY REV. J. M. SHERIDAN

GREAT SAINT IS CALLED THE  
WASHINGTON OF IRELAND  
BY THE ALBANY MAN.

(Nashville Tennessean.)  
Solemn service was observed Monday morning at St. Patrick's church. An eloquent panegyric on the life and labors of the great Apostle was delivered by the Rev. Joseph M. Sheridan of Albany of the Diocese of Mobile. Other members of the clergy, both visiting and local, were seated in the sanctuary.

The music was under the direction of Miss Lena Sullivan. Rev. Sheridan spoke as follows, taking his text from Eccles. 44:12-15:

"If there is one thing more than another that extremely gratifies me, brethren and fellow exiles of Erin, it is the privilege of being able to assist you today in honoring the memory of the apostle of our native land.

"Wherever the exiles of Erin may be scattered over the face of this earth today, like ourselves, they will lay aside all things else that they

may give unalloyed honor to him, who, under God has bequeathed to his spiritual children the knowledge of the true God.

"But in honoring St. Patrick, with every fiber of our Celtic hearts, let it be remembered that we are not deriving Almighty God of the honor due to His infinite majesty; but, on the contrary, the more we honor the apostle, so much more is God, who sent him and worked through him, honored.

"Catholics have been charged with worshipping saints, with giving them divine honor, in fact, with placing them before God. This is preached from many a pulpit and reiterated so often that, without question, it is accepted as true by many of our separated brethren, who consequently regard us as idolaters. It never occurs to them that such preachers would violate knowingly and willingly the commandment, 'Thou shalt not bear false witness against thy neighbor.'

"Fellow citizen, in our political lives we stand on the same platform. I love these United States; so do you. venerate the Star-Spangled Banner; so do you. I will kiss that flag with just as much reverence as you, and you will deem it proper. But should I bend the knee and reverently kiss the cross, why should you shout, idolatrous? The cross is the standard of the Kingdom of God just as the Stars and Stripes is the standard of this republic.

"Now, what Washington was to the United States in the temporal order, St. Patrick was to Ireland, and more than Ireland, in the spiritual order. Washington led the struggling colonists out of a state of thralldom, and, by freeing them from the dominion of a tyrannical ruler, gave them the precious heritage of civil liberty. Saint Patrick led our forefathers out of a state of bondage far worse than that of the colonists, freed them from the dominion of a still more tyrannical ruler, giving them the priceless heritage of spiritual freedom.

"Well, indeed, doth it behoove us to comply with the admonition of the sacred scribe, which I choose for the words of my text: 'Let us now praise men of renown and our fathers in their generation.' Their posterity are a holy inheritance and their seed hath stood in the covenant. Earth has seldom produced men of greater renown than Saint Patrick, Cloumbille, Virgilius, Brendan, and the countless hosts that gained for our beloved land the title of 'The Island of Saints and Scholars.' That their posterity are a holy inheritance and that their seed hath stood in the covenant' the long night of three hundred years of persecution fully attest."

### A Woman Scientist.

Among distinguished women who have helped to shed light upon obscure subjects was Caroline Lucretia Herschel, the noted astronomer. She was the daughter of a musician of Hanover. Her early education was designed to lead to a musical career. She accompanied her brother, William, after the illustrious Sir William Herschel—to England. Brother and sister soon turned their attention to astronomy, and in 1798 Caroline published a "Catalogue of Stars." Until Sir William died, in 1822, she was content for the most part to be known only as his assistant, but later she engaged in many original and independent investigations. She devoted special attention to the discovery of comets, and claimed priority in the discovery of at least five.

**MUSIC STUDY CLUB.**  
On Thursday afternoon at three o'clock at the residence of Mrs. Louis A. Neill, Miss Bassett will give a program of children's music—the arts will be represented. A very artistic afternoon is anticipated.

**WILLS MOSELEY.**  
The marriage at noon today of Mrs. Minnie Moseley and Mr. Arthur Mills in Louisville, Ky., was an occasion of much social interest. In the auditorium of the Westminster Presbyterian church, in the presence of a few friends, the marriage was quietly solemnized by Rev. L. F. Goodwin. The bride is a Kentucky lady of many gifts and greatly admired for her womanly virtues by those of her home town. The groom is here organizing a prominent fraternal order and has made many friends since coming to our city. Following the ceremony Mr. and Mrs. Mills were recipients of sincere congratulations to which the Daily deems it a pleasure to wish for them much happiness.

The afternoon was spent in sewing. Late light refreshments were served. The attendance was unusually large. The next meeting will be with Mrs. J. W. Troy.

Knitting Unit No. 1 will meet with Mrs. John C. Sheets on Wednesday March 19, at the residence of E. H. Allison at an all day meeting.

Mrs. W. T. Seamons has purchased the Binford Bungalow on Grant street and presented it to her daughter, Mrs. R. A. Worley.

Mr. and Mrs. H. N. Binford have purchased the Knight residence on Ferry street and will move about May first.

Miss Sudie Hicks left Sunday for an extended visit to friends in Georgia and Florida.

Mr. and Mrs. J. L. Gunn are in Birmingham with their son, Minor, who is at St. Vincent's for an operation.

Mrs. Tim Hudson is leaving Saturday for Nashville to join Mr. Hudson who is establishing a wholesale seed business in that city.

Major Charles Bassett is improving in health.

### Clothing Found and Given Owner

A quantity of clothing has been returned to A. Polytinsky after having been found by Mr. Harper at his home, corner of Line and Oak streets where it had apparently been dropped by the thief.

Several days ago the loss of the clothing was reported to police who have been on the trail. The clothing had been returned to the Polytinsky home by the washerwoman, it is said, and was stolen before it could be taken from the baskets. When found the basket of clothing was still minus several articles, including handkerchiefs and articles which would not be noticed.

### Negro's Relatives Are Sought Here

Relatives of the late Ben Horton, negro, who are believed to reside near here are being sought by Albany police today in accordance with a letter received from Lincoln, Ala., by Chief of Police Howell. The letter says if the relatives can be located they will probably hear something of benefit to them.  
Chief Howell today requested anyone having information regarding the persons sought to communicate with him at the Albany city hall.

### PALMER PRESENTS CLAIMS OF S. S.

**URGES LIBERAL CONTRIBUTIONS TO INSURE SUCCESS OF CHILD DEVELOPMENT WORK.**

The following signed statement was given out by Leon C. Palmer, State Sunday School Field Secretary in which he calls attention to the claims of the Sunday School for full support of all interested in the development of the children of the state:

"The Finance Committee of the Alabama Sunday School association, composed of about forty of the leading bankers and other Christian business men of the State, with Michael Jody, President of the Exchange National Bank of Montgomery, as Treasurer, has made the following statement regarding the financial campaign for the association now in progress:

"A minimum adequate budget for the Alabama Sunday School Association, as determined by the Executive Committee, is \$44,000.00. Approximately one-fourth of this can be counted upon from Sunday Schools classes, and personal subscriptions already in hand; the other three-fourths to be raised by the Finance committee. The raising of this amount will (1) cover the existing shortage in our resources for the work already undertaken, (2) Provide for certain necessary additions to the work which have been needed for several years but which have now become imperative, and (3) Give us a sufficient margin of assets over liabilities so that we may hereafter run upon a strictly cash basis.

"Practically no religious or educational institution is financed altogether or even chiefly by those who are the direct beneficiaries of its work. The Y. M. C. A. could not exist a day if it depended upon its membership dues. It is financed chiefly by individual Christian business men. Even colleges and universities are dependent upon individual or state donations or bequests. Public schools could not be maintained upon the tuition fees of the pupils. Their chief support comes from taxes paid by all citizens—by many men and women who do not themselves go to school and in some cases do not even have children to send.

"Both education and religion are properly to be regarded as a community responsibility, which, if worth while at all, is to be financed by all those who are interested in the educational, moral and religious welfare of the community. It would be as reasonable to expect the public schools of Alabama to finance themselves from the tuition fees of pupils as to expect the Sunday School association to finance itself from the Sunday School contributions. As a matter of fact, the Alabama Sunday School association comes nearer doing this than perhaps any other State association in North America, and having accomplished this we feel justified in now asking for an adequate support from the Christian business men of the state."

## Hudson Super-Six Still Reigns

### No Car Disturbs Its Supremacy

Now it is known this year, as last year and the two years before, Hudson Super-Six continues to be the first car in Motordom.

The Automobile shows exhibit no new types to challenge Hudson leadership in the field above \$1,500. Nothing is to be seen at any show in that class but types which the Super-Six has everywhere outrivaled.

#### It is the Permanent Type

That was pronounced for the Hudson when the Super-Six was first announced three years ago. It proved its right to that distinction in countless tests made on the speedway, in hill climbs and in trans-continental touring. Its official records remain unequaled, though assailed by many rivals.

The Hudson is known best because of its mechanical leadership, but in addition men in the trade acknowledge it as the leader in body designing. That is no more clearly shown than at this year's auto shows.

Last year's Hudsons reveal how they have influenced many cars seen at this year's shows. And the new Hudsons with their square lines and other advanced appointments are regarded as a forecast of what to expect in the new cars next fall.

#### 60,000 Delivered and the Supply is Still Short

Except for the few open models that some dealers may have, there are no open car Hudsons to be had just now. Factory production is confined to closed types. Every spring has witnessed the disappointment of thousands who could not get Hudsons. Only those who speak now will be sure of delivery when they want it.

You can see today, in our showroom, the cars which attracted most attention at all the auto shows.

## Please Do Not Ask Operators For the Time of Day

It has become necessary for us to discontinue the practice of permitting our telephone operators to answer requests for the time of day, the location of fires and other information not a necessary part of telephone service.

On and after March 16, 1919, our operators will not give the time of day and in the interest of improved service we urge our subscribers and the public to eliminate calls of this character.

In normal times this special service did not interfere with the service of our subscribers and the general public; it was an accommodation which we cheerfully rendered for many years.

The conditions under which we are operating have greatly changed during the past four years. True, hostilities have ceased, but the problems of reconstruction and readjustment present difficulties that are taxing our every skill and resource. Our lines are overcrowded with important messages. Our operators are busy as never before. There is still a serious shortage of labor and of facilities needed to relieve our switchboards of the present heavy load.

In Albany alone our operators are asked for the correct time more than 300 times per day. Every minute given to calls of this kind means so much time taken away from calls of vital importance. The operators and equipment employed in rendering this special service are in urgent demand for the serious needs of the community.

We find it necessary to ask you to relieve our lines of this burden. When the operator politely tells you she cannot give you the time of day, it is entirely in the interest of better service.

Your co-operation will be appreciated.

This is Lady Violet, wife of Capt. John Jacob Astor of the British army. They were married in August, 1916, but the groom's war duties necessitated a postponement of the honeymoon.

### AMUSEMENTS

At Delite Theatre Wednesday. If a young and beautiful woman gives her solemn promise to wed a man whom she really fears and dislikes, while under the magic spell cast by his hypnotic power—is she bound to keep that promise?

If this young woman's aged husband maliciously places her in a situation of intimacy with the youth he knows she really loves—should she continue to honor his name?

If a girl who has been wilfully robbed of happiness can win her freedom to wed the man of her heart's desire by telling a deliberate lie—should she take advantage of the opportunity?

If this woman can defy the specter of her unhappy past by hardening herself against the sufferings of another—should she suppress all impulse to pity?

These are some of the heart-searching, interest-compelling questions that the latest sensational Fox photodrama asks and answers. "Buchanan's Wife," is the living, vital story of a passionate, love-hungry woman's battle for happiness and the man of her choice. Neither convention nor the world's opinion, not even death and hypnotism, can alter her determination!

#### "FLO-FLO"

Seats for Flo-Flo Now on Sale. The advance sale of seats for "Flo-Flo," the musical comedy hit which comes direct from the Court theatre, New York, which will open at the Masonic theatre here on Wednesday night began at the box office of the theatre Saturday.

John Cort's newest show has a de luxe cast, lyrics that won't be forgotten, pithy lines, interesting situations, magnificent scenery, exquisite gowns, beautiful girls, a chorus which boasts that each of its members is a perfect thirty-six and a team of eccentric dancers that is rivaled by none in the country.

"Flo-Flo" runs the entire scale of comedy situations including suspense, intrigue and romance. It boasts of more pulchritude to every square foot of stage floor space than any show of the current New York season. Fredie Grassie's plot has to do with Flo-Flo, the shapely corset model; Angelina Stokes, who loves a boy from

### HARD ON SHOES? THEN READ THIS

"I marched through the mud of Flanders, through a large part of the Lorraine sector, and lastly from Chateau Thierry to Fismes, and my shoes with Neolin Soles are still in good condition. For five months I alternated these shoes with two other pairs, which are now worn out, but another five good months of wear left in them." Written by Lieut. Edgerly Austin, American Expeditionary Forces, France—October 17th, 1918.

This is exceptional service; all army men will agree. Civilians rarely give their shoes usage such as this; but if they are hard on shoes, and want to cut their shoe bills down, let them try Neolin-soled shoes. These shoes are obtainable at most shoe stores in many good styles for men, women and children.

Or have your old shoes re-bottomed with Neolin Soles. You will find these scientifically made soles are comfortable and waterproof, as well as long-wearing. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

Neolin Soles

Oskosh, though she is being tricked into marriage with a bogus Spanish Count; the ubiquitous proprietors of the exclusive Bride Shop, Mosher and Simpson; and the acrobatic Pinky and Aloysius, who imbue the piece with a Sherlock Holmes atmosphere.

Numbered in "Flo-Flo's" cast are Jack Norton, Cordelia Hallger, Sam Howard, Martha Lawrence, Thomas Gordon, Maude Nolan, Len Leonard, Betty Booth, Francis & Ross, Gus Vanghan and the Perfect Thirty-Six Chorus, besides an augmented orchestra under the direction of Edward J. Howe.

### SHORT TERM BONDS AT HIGH INTEREST FOR VICTORY LOAN

Fifth Issue of Liberty Bonds Will Be Most Attractive Investment of All, in the Opinion of Financial Experts

The fifth issue of Liberty bonds, or "Victory Bonds" as they will be called, will offer the investor the most attractive opportunity of any issue made by the government, according to a tentative agreement made by Secretary of the Treasury Carter Glass with the ways and means committee of the National House of Representatives.

It is considered probable that the bonds will pay a higher rate of interest than any of the previous issues, but they will be issued for shorter terms, maturing in from one to five years.

The government does not wish to assume the obligation of a high interest rate for a long period of years, but is willing to pay an attractive rate during the present unsettled conditions. It is expected that events will so shape themselves in the next few years that a holder of these short term bonds, after drawing a good interest rate until they mature, will then be able to "cash them in" and invest the returns in business or in other forms of securities at an advantageous time. For this reason it is expected that the new bonds will find a ready market.

Secretary Glass announces that an intensive popular campaign for the Victory loan will start not later than April 21. It is not expected that any definite statement as to interest tax exemptions or other details will be made much in advance of that date, as conditions are constantly changing. But that the new bonds will be made an attractive investment is considered certain.

Secretary Makes Statement. An official statement issued by Secretary Glass follows:

"The Victory Liberty Loan campaign will begin not later than April 21. The requirements of the treasury are imperative and cannot be financed without such a campaign. The form and terms of the securities to be issued remain to be determined. Whether they be bonds or notes, it is absolutely essential that the widest possible measure of distribution be realized. This will necessitate a campaign of the same character as that conducted in the past through the existing Liberty Loan organizations. They have pledged again their united support in order that the Victory Liberty Loan bonds or notes may be distributed as widely as possible among the American people."

This furnishes the first official notice of the date of the campaign, and dispenses of the rumor that securities would be disposed of among the banks instead of being offered the general public.

Gains Through Distress. The best qualities of mind and character—courage, sympathy, self-mastery—have been forged on the anvil of distress.

**DARTING, PIERCING  
SCIATIC PAINS**

Give way before the penetrating effects of Sloan's Liniment

So do those rheumatic twinges and the joint-aches of lumbago, the nerve-inflammation of neuritis, the wry neck, the joint wrench, the ligament sprain, the muscle strain, and the throbbing bruise.

The ease of applying, the quickness of relief, the positive results, the cleanliness, and the economy of Sloan's Liniment make it universally preferred.

**Million Dollar  
Endowment Asked**

CHATTANOOGA, Tenn., March 18. (Special.)—With Major General Leonard Wood as chairman of the general committee and Major General William C. Gorgas at the head of the advisory committee the University of the South at Sewanee, Tenn., under the supervision of Bishop A. W. Knight, the Vice Chancellor, is rapidly completing organization for its drive for an endowment of a million dollars, following an enthusiastic and largely attended conference at Chattanooga. The University of the South is owned by the Episcopal Church in thirteen southern states.

**LETTER FROM COUCH.**

A letter from Roy Couch to his aunt, Miss Lillie Couch, dated in France states that he has "no kick to make" and that the government is doing all possible for the soldier boys. He says he is perfectly satisfied but quite anxious to get home and though the time for home-coming is indefinite, he hopes to reach here by July.

**Mission Society  
Met Monday Aft.**

The Woman's Missionary Society, of Central M. E. church met at the home of Mrs. Webb Speake Monday. A full attendance was present.

Mrs. Henry Day read the scripture lesson. Dr. McGlawn led in prayer. The subject, "Democracy"—"It's True Meaning"—Mrs. Day, leader. Mrs. Winton and Mrs. Crow gave the political view of Democracy. Mrs. Robertson, Mrs. Cunningham, and Mrs. Reams showed the Christian side. Mrs. Lovin showed the only way to make "Democracy Truly Safe," was to bring the world to Christ.

A reading by Miss Lucile Patterson, and duet by Miss Glen Garrison and Miss Imogene Winton were enjoyed by the society. Mrs. S. D. Johnson, District Secretary, came forward and brought cheer and inspiration to the workers.

The President took the chair and after a short prayer, business session followed. Reports from the Young Peoples, and Juvenile Societies, were encouraging.

On a call for new members the

names of Mrs. Gordon Boggs, Mrs. Thomas, Mrs. F. Taylor and Mrs. C. H. Chunn were added to the roll.

The report showed the treasury over the top for the quarter.

At the close, a most pleasant social hour was spent, and delightful refreshments were served by the hostess, the young ladies assisting her.

**TEACHERS MEETING.**

There will be a meeting of the officers and teachers of the Westminster Presbyterian Sunday school tonight at 7:30 o'clock at the Church. Important business will be brought before the meeting, and all officers, teachers and workers are urged to attend.

**I am Sincere! Stop Calomel!  
I Guarantee Dodson's Liver Tone**

Listen to me! Calomel sickens and you may lose a day's work. If bilious, constipated or headachy read my guarantee.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle

costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe all the next day like violent calomel.

STATE EXAMINATION  
The state examination will be held in the public school building, Decatur, Monday, Tuesday and Wednesday, April 21, 22, 23, 1919. Begins promptly at 10 a.m. Monday.
